FOUNDATION APPRENTICESHIPS IN DUMFRIES AND GALLOWAY

Dear D&G pupils,

I am writing to you in relation to local Foundation Apprenticeships that will be running in Dumfries and Galloway starting in June 2019. You are receiving this letter as someone who has expressed an interest in doing a Foundation Apprenticeship starting this year.

To help you, your family and others who want to know more about what Foundation Apprenticeships (FAs) are all about, awareness raising events have been arranged for the following days and times:

- 14 February at the Bridge, Dumfries
- 18 February at Barstobrick, Ringford
- Times for both days 4.30-5.45 AND 6.15-7.30 (repeat sessions)

You decide which session you come to, letting Lesley Sloan know what time suits you best. (details at the top of the page).

The programme for these sessions is attached to this letter, but basically, there will be employers, some young people, college staff and teaching staff there to give you a more realistic picture of what it's like to study for a FA, and all the people that want to help you succeed.

On behalf of the group that is running the programme, we hope that you can make it along. If you cannot, still get in touch, and different arrangements can be made to talk things over.

Kind regards,

Lesley Sloan, Education Services
On behalf of the DG Foundation Apprenticeship Group
